

Kent, Washington, USA
October 13, 2009

Tilit, LLC announces the Paradise Bowl - Bull Market Bar & Grill, Tacoma remodeling project accepted delivery of custom illuminated tiles for installation. These custom illuminated tiles controlled with proximity sensors are very unique. They will be installed in the lobby area, night club and lounge. The variety of these lit tiles will provide a unique colorful and interactive experience for patrons.

Paradise Bowl is the ultimate family entertainment destination that combines bowling, dining & bar/night club. This high tech remodel is turning an old casino into the ultimate night out experience. Vibrant it will be! Unique illuminated blue counter tiles will greet you in the "Bull Pin" area. The bar also features illuminated tiles on the bar top where the bartender and customer can interact with tiles. The unique proximity sensor system gives these illuminating tiles special features. The Bull Market Bar & Grill customers and bartenders alike are having a blast as this system allow lights embedded in the tiles to go ON and OFF as you glide your hand or drink over the tiles. Not only is the bar lit but the liquor display also uses these unique illuminated tiles. The Liquor display tiles are in a variety of colors. All in all it will prove to be a unique customer experience.

Tilit's dealer in Kent, Dowell Co., has supplied Tilit's illuminated tiles and sensor systems as well as other building products to Paradise Bowl remodel projected which started in June 2009 and scheduled for completion late October 2009. <http://www.paradisebowl.net/>
